SUMMARY

Junior web developer with hands-on production experience building and shipping features for the Supreme Court of the Philippines. Certified in OutSystems 11 with a track record of rapid skill growth in enterprise low-code development.

SKILLS

Languages: JavaScript, PHP, Python, MySQL
Frameworks: React, Laravel
Tools & Platforms: Docker, n8n, Vercel, Git, Supabase, OutSystems

EXPERIENCE

Junior Web Developer | **Metaverse Holdings Corporation** | *November 2025 - June 2026*
(Assigned to: Sagesoft Solutions, Inc. in collaboration with the Supreme Court of the Philippines)

- Optimized data retrieval in refactoring over 5 or more modules that depend on one another to make the platform/system functionally efficient.
- Enhanced data retrieval accuracy in a document management module by refactoring OutSystems data layer, thus improving how legal professionals locate and review case-related files.
- Reduced feature delivery time from 3-4 weeks to 2 days across successive development tasks, demonstrating rapid improvement in OutSystems 11 proficiency and domain workflow understanding.
- Collaborated with government attorneys, project managers, and developers across multiple organizations to align feature behavior with strict compliance and institutional requirements.
- Completed OutSystems 11 Associate Developer certification prior to project deployment, covering low-code development, UI design, data modeling, and application logic.

EDUCATION

Bachelor of Science in Information Technology - Central Luzon State University
Major in Systems Development | February 2025

CERTIFICATION

AWS Academy Graduate - Cloud Foundations - Training Badge - issued on September 2023
Associate Web Developer (OutSystems 11) - issued on December 2025

- Applied OutSystems 11 core competencies in production development on a large-scale platform for the Supreme Court of the Philippines
